**Subject:** FW: Request for Tribal Emergency Response Contact Information

Good afternoon Brent

It was helpful to talk with you and Tung today about the NPDES Permit for Albuquerque's Southside Wastewater Treatment Plant.

The notification list the Pueblo is expecting ABCWUA to use in the event of a serious spill at the Southside Plant is attached.

All the telephone numbers and e-mail addresses are current. Three names should be updated:

Governor J. Robert Benavides

1<sup>st</sup> Lt Governor Max Zuni  
2<sup>nd</sup> Lt Governor Andrew Teller

Thank you  
Ramona

**Subject:** RE: Request for Tribal Emergency Response Contact Information

Good afternoon Mark

In response to e-mail from Randy Gee, Environment has reviewed and updated the Pueblo's notification list for environmental emergencies (attached in pdf).

I am also including one page from the Albuquerque Bernalillo County Water Utility Authority (ABCWUA) Southside Water Reclamation Plant overflow emergency response plan. After the unfortunate spill of February 2015, the Pueblo provided ABCWUA with the notification list. You might remember that ABCWUA documented the notification procedure after finding voice mail is inadequate.

I have asked my boss to review the NRC notification application

Let me know if you have any questions

Thank you Mark

**Subject:** Request for Tribal Emergency Response Contact Information

Good afternoon:

EPA Region 6 is updating our emergency response contact list for each of our tribal partners. Please provide emergency response contact information for your Pueblo/Tribal Nation that would be contacted by EPA in the event of an incident such as a spill or release impacting your Pueblo/Tribal Nation. This contact information can be provided to your GAP project officer. This information would include contact name, email address and emergency phone number.

Please see the attached tribal notification memo for more information. Also, if your Pueblo/Tribal Nation would want to have notification reports send to them by the National Response Center, please see the attached application form for more information.

Thank you for your assistance.

Randy Gee, Associate Director of Tribal Affairs  
Office of Environmental Justice, Tribal and International Affairs  
U.S. Environmental Protection Agency Region 6  
phone (214) 665-8355  
cell (972) 400-8264  
fax (214) 665-2124
